Protecting Your Family

PROTECT YOUR FAMILY Medicaid Pooled Income Trust is the answer you have been looking for.

PYF is a full-service social services agency. Our trust is staffed by a team of attorneys and trust specialists, who will use their years of experience to help set up and maintain the pooled income trust account in order to maximize your loved one's Medicaid eligibility.

Protect Your Family

It's not just our name,
it's our mission

Your loved ones deserve the best care possible. Far too many have lost their estate to the ever-increasing cost of long term care, especially when Medicaid is denied as a result of one's financial standing.

After years of hard work, their assets can and should remain theirs to use. **PROTECT YOUR FAMILY MEDICAID POOLED INCOME TRUST** enables your loved ones to receive Medicaid services and keep their excess income.

A Medicaid Pooled Income Trust is a supplemental needs trust that allows individuals with excess income to receive or maintain Medicaid benefits, while preserving their monthly income so that it may be used for expenses of their own personal "care, comfort and well-being."

Without a Medicaid Pooled Income Trust, an individual earning an income above the Medicaid allowable limits will either be denied eligibility and services or have to turn over their excess income to Medicaid every month.

When you deposit your excess monthly income into the **PYF** Pooled Income Trust, you can become or remain eligible for Medicaid benefits. Funds deposited into the trust can then be disbursed for your clothing, food, rent, utilities and other basic living expenses. Our personal and caring staff will be happy to assist you in determining other expenses that may be covered.
